Independent Auditors' Report

To the Plan Administrator, Savings Plan for
the Employees of Tredegar Industries, Inc.

We have audited the accompanying statements of net assets available for benefits of the Savings Plan for the Employees of Tredegar Industries, Inc. (Plan) as of December 31, 1994 and 1993, and the related statements of changes in net assets available for benefits for each of the three years in the period ended December 31, 1994. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 1994 and 1993, and the changes in net assets available for benefits for each of the three years in the period ended December 31, 1994, in conformity with generally accepted accounting principles.

SAVINGS PLAN FOR THE EMPLOYEES OF TREDEGAR INDUSTRIES, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1994

1. Summary of significant accounting policies

General - Tredegar Industries, Inc. (Tredegar), which engages directly or through subsidiaries in plastics and aluminum businesses, is a Virginia corporation that was organized in 1988 as a wholly owned subsidiary of Ethyl Corporation. On or about July 10, 1989 (Record Date), Ethyl Corporation distributed all of the outstanding shares of Tredegar common stock to the holders of common stock of Ethyl Corporation at the rate of one share of Tredegar common stock for every ten shares of Ethyl Corporation common stock held on the Record Date.

The Savings Plan for the Employees of Tredegar Industries, Inc. (Plan) was adopted by the Board of Directors of Tredegar on June 14, 1989, and was approved by Ethyl Corporation, Tredegar's sole shareholder, on June 19, 1989. The Plan was effective as of July 1, 1989. In connection with the establishment of the Plan and the distribution of Tredegar's common stock, the accounts of Tredegar employees in the Savings Plan for the Employees of Ethyl Corporation (Ethyl Plan) were transferred to the Plan.

The Plan is subject to Titles I, II and III and is exempt from Title IV of the Employee Retirement Income Security Act of 1974 (ERISA). Title IV of ERISA provides for federally sponsored insurance for plans that terminate with unfunded benefits. No such insurance is provided to participants in this Plan, however, because the benefits that participants are entitled to receive are always equal to the value of their account balances and, for that reason, the Plan is always fully funded. The value of a participant's account may change from time to time. Each participant assumes the risk of fluctuations in the value of his account.

The accompanying financial statements of the Plan have been prepared in conformity with generally accepted accounting principles.

Security valuation - Investments are stated at fair value determined as follows:

Money market funds	-	market price which is equivalent to cost
Common stocks	-	last published sale price on the New York Stock Exchange
United States government obligations	-	last bid price

SAVINGS PLAN FOR THE EMPLOYEES OF TREDEGAR INDUSTRIES, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1994

1. Summary of significant accounting policies (Continued)

Security transactions and related investment income - Security transactions are accounted for on the trade date and dividend income is recorded as earned on the ex-dividend date. Interest income is recorded as earned on the accrual basis. Premiums and discounts on securities are not being amortized or accreted because the effect on the financial statements would not be significant and would have no effect on net asset values. In determining the realized net gain or loss on securities sold, the cost of securities is determined on an average cost basis. The Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of investments, which consists of the realized gains or losses and the change in unrealized appreciation (depreciation) on those investments.

2. Description of Plan

The Plan is a defined contribution plan. Information regarding plan benefits and vesting is provided in the Plan and related documents which are available at Tredegar's main office at 1100 Boulders Parkway, Richmond, Virginia 23225.

Participants in the Plan currently may select a program for investment in the Short-Term Investment Fund, Government Obligations Fund or Tredegar Industries, Inc. Common Stock Fund, or in any combination thereof in even multiples of 10%. Each participant may contribute a percentage of his or her base pay (as defined) ranging from a minimum of 1% to a maximum of 10%. The contribution paid on behalf of the participant by Tredegar is equal to 50% of each participant's contribution. Contributions made by Tredegar are invested in the Tredegar Industries, Inc. However, existing investments in these Funds may continue or the participants may direct the transfer of their investment in these Funds to the Government Obligations Fund or the Tredegar Industries, Inc. Common Stock Fund.

Investments in the Short-Term Investment Fund are selected by NationsBank (Trustee) from fund securities maturing within one year or revolving credit arrangements that are completely liquid investments. Investments in the other active funds are made primarily in United States government obligations and Tredegar common stock. Investments in the common stock of Ethyl Corporation, First Colony Corporation, and Albemarle Corporation are now held until liquidation or distribution under the Plan. The United States government obligations selected for investment are United States Treasury notes or bills. The Trustee is permitted under the trust agreement to invest monies held by it until such time as the funds are invested in accordance with participants' directions or disbursed in accordance with the terms of the Plan. These permitted investments include certain commercial paper, variable notes, certificates of deposit, money market funds and obligations of or guaranteed by the government of the United States or any agency thereof.
